Adrenal Formula

120 CAPLETS

The Ultimate Energy Booster*

* The adrenal glands produce cortisol and DHEA, key anti-aging hormones that also help the thyroid to produce and maintain energy levels.

Signs of adrenal burnout

- Constantly fighting belly fat?
- Overwhelmed by stress?
- Always tired, especially around 11 am and 3 pm?
- Having trouble sleeping through the night?
- Low blood pressure or cravings for salt?

UNI KEY's Adrenal Formula contains the highest-grade raw bovine whole adrenal gland and raw bovine adrenal cortex from New Zealand. It also contains tissue glandulars from the spleen and liver, as well as vital nutrients for rebuilding and rejuvenation of adrenal function, including vitamin C, pantothenic acid, zinc, vitamin B6, vitamin A, and tyrosine (an energy-producing amino acid helpful to the thyroid).

Usage

Adults take one to two (1-2) caplets two to three times daily, ideally at the adrenal "times" of 7 am, 11 am, and 3 pm. It is recommended that individuals begin with one (1) caplet at each of these times and increase gradually until two (2) caplets are taken at the allotted times, or as directed by a health care professional. Do not exceed six (6) caplets daily.

Dr. Ann Louise™

"The adrenals produce hormones that perform countless functions in the body in their effort to keep us healthy. When the adrenals become exhausted, hormone production diminishes and numerous symptoms can develop. Low blood pressure, the feeling of being overwhelmed by stress, food or environmental allergies, and symptoms of hypoglycemia or diabetes are all connected to weakened adrenals."

—Ann Louise Gittleman, PhD, CNS

Success Stories

"I am an aerobics instructor and had no energy, making it difficult to teach classes! I lost weight on Fat Flush many years ago, and trust Ann Louise Gittleman's suggestions. I listened to her teleconference about low energy being caused by adrenal exhaustion. I started UNI KEY's Adrenal Formula and felt more energy again. I also took the Tissue Mineral Analysis test which confirmed my low adrenals and have started taking other supplements that are also helping my adrenals and energy levels."

—Tamara B. Norcross, GA

"Adrenal Formula has done wonders for my energy levels. Before taking this product two years ago, my energy levels were in the dumps—too much stress and too much coffee trying to get through the day.
