# EXPERIENCE PURE WATER

Quality Filtration Products

- Avoid wasting water
- Stop overfilling landfills
- Drink pure, quality water

## Pure Water You Can Trust

CWR Crown Water Filter Systems combine the extraordinary parasite removal capability of ceramic micro-filtration with advanced carbon and ion exchange technology. Pure water is provided by three stages of filtration including ceramic pre-filtration, an activated carbon block, and ion exchange media. The filters purify your tap water for the removal of incoming dirt, rust, sediment, parasites, chlorine, and heavy metals.

### KEY FEATURES:

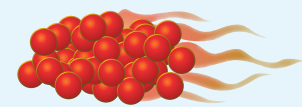

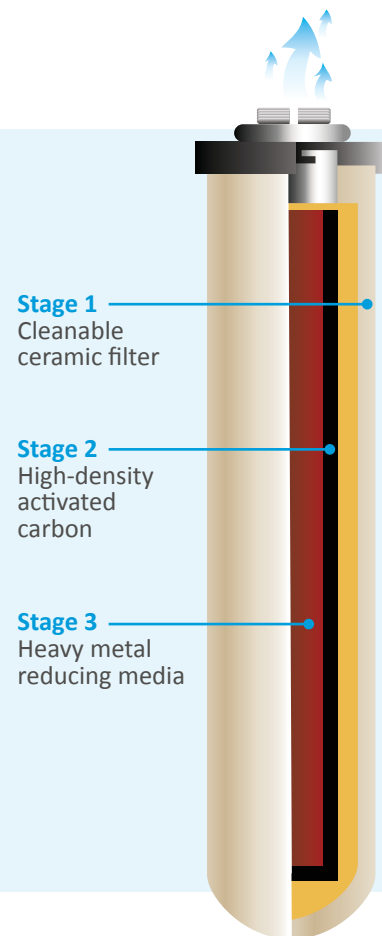

- 3-stage ceramic filtration
- Sub-micron particulate filtration
- Reduced turbidity and improved taste
- Easy cleaning and installation
- Affordable replacement filters
- Designed for lifetime use

### DID YOU KNOW?

By-products of chlorinated water may contribute to rectal and bladder issues.

## 3-Stage Ceramic Filtration Removes:

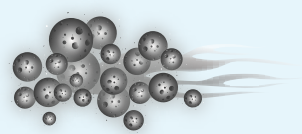

**Parasites:** 99.99% of *Giardia* and *Cryptosporidium*  
**Bacteria:** 99.99% of *E.coli*, *Vibrio cholerae*, *Shigella*, *Salmonella* Typhii, and *Klebsiella terrigena*.

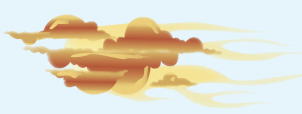

**Dirt/Rust/Sediment:** 99% of particles greater than 1 micron.

**Chemicals:** 99.99% of Chlorine, Chloroform, Bromoform, and Bromodichloromethane.

**Heavy Metals:** 99.99% of Insoluble Iron, 98% of Lead, 95% of Mercury, Cadmium, Copper, Aluminum, and Chromium.

**Turbidity:** 98% of cloudiness.

## Filtration At the Tap

### Basic Countertop

#6001 \$199  
#6007 Replacement \$95

### Under Counter

#6006 \$199  
#6007 Replacement \$95

### Stainless Steel Under Counter

#6002 \$325  
#6003 Replacement \$85

### Travel Filter

#6010 \$129  
#6011 Replacement \$39

## Shower & Bathtub

Filters chlorine, lead, and iron.

### Shower Filter (gold, chrome, white)

#6100 \$59-\$69  
#6104 Replacement \$28

### Bathtub Filter (chrome or white)

#6110 \$47.95-\$49.99  
#6107 Replacement \$24.95

### DID YOU KNOW?

You absorb 6 to 100 times more chlorine in a shower than you do by drinking the same water.

### Special Order Add-ons/Upgrades\*

**Fluoride Removal:** Countertop/Under Counter \$149 Replacement \$59

**Alkalinizing:** Countertop/Under Counter \$149 Replacement \$59

**Enhanced Heavy Metal/Radioactivity Removal:**  
Countertop/Under Counter \$149 Replacement \$69

\*Obtain a local water report to determine your individual needs

### Extend the Life of Your Filter

Filters should be replaced every 6-12 months depending on water quality. When the flow rate slows due to trapped particles, it's time to clean the filter. This extends the life of the filter and reduces cost and inconvenience in the long term.

### Easy to Install

All filters include hook-up accessories and complete installation instructions. Countertop, Shower, and Bathtub filters can be self-installed. Under Counter filters may require installation by a plumber.

## The Ultimate Whole House Water Filtration System

CWR Crown Whole House Systems start as low as \$699 for a house or condominium up to 2,000 square feet. Water softening available as an add-on.
