Success Stories

"I did try other probiotics before I found UNI KEY's Flora-Key. My son has autism and nutrition is an important part of his health. As a small child I would hide probiotics in his food. At one point, he figured that out and wouldn't have anything to do with it from then on. I found Flora-Key and he loves it! He will take it once a day with water. I'm so grateful for Flora-Key. I know my son is getting a high quality probiotic which he easily takes—no mess, no waste!"

—Pauline P. Rockville, MD

"I love Flora-Key. It makes my smoothies heavenly! It sweetens and thickens them up. My digestion is better too."

—Suzanne B. Milan, TN

"I take Flora-Key to help get rid of yeast in my body. It works better than any product I've ever tried. I had surgery and lots of antibiotics, so as a result I needed to get rid of yeast. My whole GI system was out of whack. I feel so much better. I really love Flora-Key!"

—Susan W. Glenview, IL

"I've used Flora-Key successfully for travel in countries where the food or water is suspect. My daughter and I used the product for 2 1/2 weeks in Mexico and never had any stomach problems. Loading your gut with good bacteria leaves little room for the bad stuff."

—Teresa K. Independence, OR

"After using Flora-Key for 2 days I could feel the results. I have a flatter stomach and it helps with elimination."

—Diana D. Bardstown, KY

"Before taking UNI KEY's Flora-Key, I had been very ill for about 3 days with diarrhea and stomach cramps. My mother brought me Flora-Key to try, and oh-my-gosh, what a wonderful product! Within hours I was feeling so much better. The diarrhea and stomach cramps had stopped. By day 2, I felt back to normal. I am so happy it worked so well and so quickly. I love that it can be given to children also. I am sold on this probiotic and do not want to be without it!"

—Tiffany W. Seattle, WA

"Before using UNI KEY's Flora-Key, I had digestive problems, stomach bloat, and acid reflux for 6 months. After 1 month on Flora-Key, my symptoms were gone. My children, ages 7 and 9, had asthma and had to use inhalers. After 2 months on Flora-Key, they hardly ever need their inhalers. It has also helped me with my allergies. I've been out of product for a few days and have noticed my allergies acting up again. I definitely feel a difference without my Flora-Key."

—Billie W. Fort Wayne, IN

"My patient who takes Flora-Key has been suffering from serious psoriasis for 30 years. His severe psoriasis symptoms began to alleviate gradually by using Flora-Key with our alternative treatments."

—Tadahiro M. Mill Creek, WA

"Before taking UNI KEY's Flora-Key I had lots of gas and irregular bowel movements. Now, I am much more regular and less gassy! This has made a huge difference for my stomach—it feels so much more settled. I feel wonderful! I even add Flora-Key to my protein shake in the morning."
