- Fight free radical damage
- Combat oxidative stress

Oxi-Key™

180 tablets 30-day supply

Powerful Antioxidant Support

UNI KEY's Oxi-Key is a potent antioxidant formula that provides sulfur-rich amino acids to open up detox pathways that help the body excrete toxins and pollutants and tamp down inflammation.

Did You Know?

- Free radical damage is the #1 cause of age-related decline.
- A free radical is a cellular killer that wreaks havoc by damaging DNA, altering biochemical compounds, corroding cell membranes, and destroying cells.
- Pesticides, herbicides and insecticides, smoking, alcohol, and prescription and over-the-counter drugs are underlying causes of oxidative stress.
- Uncontrolled oxidative stress can lead to cancer, heart disease, stroke, and diabetes.

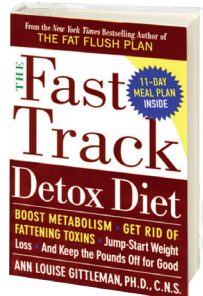

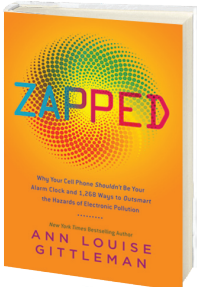

note from

Dr. *Ann Louise*™

"The antioxidant power of Oxi-Key is what I rely on to neutralize toxins, ward off pollutants, and zap radiation."

—Ann Louise Gittleman
PhD, CNS

- ✓ High cholesterol and LDL lipids
- ✓ Signs of aging, including age-related pigmentation or "brown spots"

UNIKEY[®]

Product SPOTLIGHT

Oxi-Key[™]

Broad Spectrum Antioxidant for Protection from Our Toxic World

Success Stories

"I've been taking Oxi-Key for 4 months and it is helping me have more energy. I feel so much better when I take it."

—Sarah S.
Shelby Township, MI

"After I realized the damage I was doing to my body by eating a diet high in fast foods, smoking daily, and drinking heavily on the weekends, I decided I was going to give my body an 'overhaul.' I am now eating from healthy food sources, exercising, and have stopped drinking and smoking. I am also taking Oxi-Key because I now realize the importance of antioxidants in preventing excess free radical damage. The energy I have now is phenomenal and the reassurance I have that comes from the protection Oxi-Key provides me is a life-long hope for optimal health."

—A.C.
Spokane, WA

Usage

Adults take one (1) tablet two to three times daily, best with meals, or as directed by a health care professional.
