Fish Oil 100 Softgels

Daily Protection for the Brain, Heart and Joints

- Free of PCBs, dioxin, mercury and other heavy metals
- A necessity for those who don't consume much fish

UNI KEY's Super-EPA contains molecularly-distilled fish oil rich in the essential omega-3 fatty acids EPA and DHA, the most beneficial parts of fish. It aids in lowering cholesterol and triglycerides, supporting the immune system, reducing chronic fatigue, relieving arthritis and joint inflammation, and repairing tissue damage caused by clogged arteries.
